

PERGOLA DIVISION

MOTORIZED PERGOLA SYSTEM

# GLOBAL ARCHITECTURAL INDUSTRIAL COMPANY

## ABOUT GAICO

The Global Architectural Industrial Company (GAICO) has clearly made a mark in the business world, particularly in Saudi Arabia and in the Gulf Region for the last 30 years. One of the key priorities of the company from the outset, and even now, is to provide high quality products, exceptional services, and continuous awareness of the latest technologies that can support and keep our valued clients ever more comfortable and satisfied. Examples of some of our products include office partitions, movable partitions, toilets partitions, and several wooden products such as fire retied doors and, all aluminum products, and we are currently launching our very new and first outdoor product, namely, our **MOTORIZED PERGOLA SYSTEM**.
